

GDM Pasadena II Scientific Meeting

Notice of Workshop - Future Collaborative Research

A workshop meeting concerning future collaborative (multi centre / international) research projects involving gestational diabetes will be held immediately prior to the forthcoming GDM Pasadena II Scientific Meeting

Time:	Wed April 7 th , 2009 from 1:00 pm to 5:00 pm
Venue:	Westin Pasadena Hotel (Precise venue / room allocation will be available on arrival at the Westin on April 7 th)
Attendees:	<p>Active researchers willing to share and discuss their draft proposals for future collaborative research. Ideally projects would be multi centre, potentially multi national collaborative research studies designed to address major research questions in the detection and treatment of gestational diabetes and other related conditions.</p> <p>The meeting may also provide a forum for smaller scale projects, currently underway in a single centre or small scale trial, to seek collaboration on a wider scale.</p>
Contact:	<p>Please contact Professor Jeremy Oats:-</p> <p>Jeremy.oats@thewomens.org.au</p> <p>to express interest in attending the workshop and to receive further details.</p>
